L A  B O Y®

What to look for when choosing your La-Z-Boy recliner...

1 Room to move

Recliners that rock, swivel or glide and even recliners that are anything but ordinary—there's a style that's made for you.

2 Personalize your comfort level

Power reclining, soothing massage and heat, or an air massage with adjustable lumbar support—now you're in the zone.

3 Go the distance

Step up to the luxury of leather. Soft, supple and tough enough to handle everyday living.

Why La-Z-Boy recliners are unlike any others...

Locking

REMOVABLE BACKS

All La-Z-Boy recliners feature an exclusive removable back design that makes it easy for you to transport or position the chair.

State-of-the-art

FRAME CONSTRUCTION

Unlike the frames of other recliners that are simply screwed together, the superior design of the patented 4-sided La-Z-Boy Unibody® frame actually helps absorb the stress placed on the reclining mechanism for smoother operation and longer life.

Highest quality

PADDING

La-Z-Boy recliner backs offer even support to all areas of the upper body for superior comfort.

The most RESILIENT CUSHIONS

All La-Z-Boy recliners feature high quality, custom-designed polyurethane foam for the most resilient and supportive cushions.

Superior

QUALITY CONTROL

All components used in La-Z-Boy recliners are real-life tested to assure the highest standards of quality and *every* recliner is thoroughly inspected and operated before it is shipped.

Wear tested FABRICS

Every recliner fabric must pass the highest standards for wear and are strictly tested in our lab before being La-Z-Boy certified.
