**MADE IN  
AMERICA**

WITH U.S. & IMPORTED PARTS

Born in the USA

It all began back in 1927. Two young cousins,

Edwin J. Shoemaker and Edward M. Knabusch,

joined together to design a

chair that has added both  
comfort and enjoyment

to the lives of millions of

America's families – and the world's first recliner

was born! What began in the small community of

Monroe, Michigan has expanded beyond recliners

with factories and employees across the nation

still committed to bringing comfort, quality and

value to America's families.
