

LA Z BOY®

*Live life Comfortably.™*

# POWERRECLINE XR™

Meet the next generation of power recliners, combining exclusive La-Z-Boy rocker recliner features with smooth, effortless operation.

## WELCOME TO THE FUTURE OF RECLINING

The latest innovation in reclining, the new PowerReclineXR™ gives you customized movement for the ultimate seating comfort. An easy-to-use remote lets you raise and lower the back and legrest independently or together in any combination of relaxing positions for personalized comfort.

Adjust the  
**CHAIR BACK**  
to any angle from upright  
to laid back comfortable.

Raise or lower the  
**LEGREST**  
with or without  
the back reclined.

Adjust **BOTH**  
the back and legrest  
together to customize  
your comfort.

Upgrade to: **POWERRECLINEXR+**

Adjust the  
**POWER-TILT  
HEADREST**  
to maintain a perfect line of  
sight with proper support

Customize the  
**POWER  
LUMBAR**  
to relieve lower back  
fatigue and stiffness.

# POWERRECLINEXR™

With double the power of other recliners, it's a relaxing experience unlike any other.

- 1 INDEPENDENTLY OPERATING BACK AND LEGREST** The new PowerReclineXR features two dedicated motors, with one motor controlling the chair back; the other motor controlling the legrest.
- 2 SELF-ADJUSTING SEAT TO BACK ANGLE** Patented La-Z-Boy mechanism automatically adjusts the tilt of the chair base for comfort and support in all positions.
- 3 EASY-TO-USE REMOTE** Hand-held remote lets you control the back recline and legrest elevation in incremental levels for the most reclining positions.
- 4 LEGREST SAFETY FEATURE** Designed with safety in mind, the PowerReclineXR legrest will not close when encountering an object in its path.
- 5 SMOOTH ROCKING MOTION** Lean back and relax with smooth rocking motion – a feature you've come to appreciate from genuine La-Z-Boy rocker recliners.
- 6 BATTERY BACK-UP** To protect against power failures, a battery back-up returns the chair to the upright position in the event of a power outage.
